

WE ARE BROADCASTERS

SUPPORTING OUR LOCAL COMMUNITIES

Every day, local radio and television stations serve their communities in extraordinary ways: raising millions of dollars for charities, aiding the safe return of kidnapped children with AMBER Alerts and creating awareness about important health and safety issues.

Broadcasters generate more than \$10 billion in community service in a single year.

It is an astounding number that reflects the work of thousands of local radio and television stations across the country that strive each day to help their neighbors in need – one problem at a time, one child at a time, one emergency at a time.

We are America's broadcasters.
